

REVENGER 27

- Fun Sportsboats
- Swift Ski-Boats
- Fast Tenders
- Reliable Rescue boats
- Stable Dive platforms
- Purposeful Workboats

REVENGER

The Revenger 27, the first boat of the range to utilise the Revenger raceboat hull and benefit from the unique tapered tubes. Her handling, stability and spaciousness makes the ideal choice for people movement or rescue work. Her performance attracts owners simply wanting the pleasure of driving a thoroughbred across the water.

As with all Revengers the 27 comes with high quality standard specifications, with the entire inflatable collar manufactured from durable Hypalon*. It can be customised to suit owner's requirements and the Revenger design team are always available to suggest optimum configurations.

*Hypalon is a registered trademark of the Dupont Co.

- Flat uncluttered non-slip grp deck.
- Forward locker on raised deck section.
- Underdeck routing of all cables.
- Underdeck built-in fuel tank.

- Heavy duty tubes manufactured from 1200 gsm Hypalon coated fabric.
- 7 air chambers fitted with B7 valves and A6 pressure relief valves.
- Life lines with four grab handles or alternative loop handles.
- Bow eye and 2 towing eyes.
